Why Men Don't Listen and Women Can't Read Maps
Mar 22 2022 Have you ever wished your partner came with an instruction booklet? This international bestseller is the answer to all the things you've ever

wondered about the opposite sex. For their controversial new book on the differences between the way men and women think and communicate, Barbara and Allan Pease spent three years traveling around the world, collecting the dramatic findings of new research on the brain, investigating evolutionary biology, analyzing psychologists, studying social changes, and annoying the locals. The result is a sometimes shocking, always illuminating, and frequently hilarious look at where the battle line is drawn between the sexes, why it was drawn, and how to cross it. Read this book and understand--at last!--why men never listen, why women can't read maps, and why learning each other's secrets means you'll never have to say sorry again.

Big Ears Aug 22 2019 In jazz circles, players and listeners with “big ears” hear and engage complexity in the moment, as it unfolds. Taking gender as part of the intricate, unpredictable action in jazz culture, this interdisciplinary collection explores the terrain opened up by listening, with big ears, for gender in jazz. Essays range from a reflection on the female boogie-woogie pianists who played at Café Society in New York during the 1930s and 1940s to interpretations of how the jazzman is represented in Dorothy Baker’s novel *Young Man with a Horn* (1938) and Michael Curtiz’s film adaptation (1950). Taken together, the essays enrich the field of jazz studies by showing how gender dynamics have shaped the production, reception, and criticism of jazz culture. Scholars of music, ethnomusicology, American studies, literature, anthropology, and cultural studies approach the question of gender in jazz from multiple perspectives. One contributor scrutinizes the tendency of jazz historiography to treat singing as subordinate to the predominantly male domain of instrumental music, while another reflects on her doubly inappropriate position as a female trumpet player and a white jazz musician and scholar. Other essays explore the composer George Russell’s Lydian Chromatic Concept as a critique of mid-twentieth-century discourses of embodiment, madness, and black masculinity; performances of “female hysteria” by Les Diaboliques, a feminist improvising trio; and the BBC radio

broadcasts of Ivy Benson and Her Ladies' Dance Orchestra during the Second World War. By incorporating gender analysis into jazz studies, *Big Ears* transforms ideas of who counts as a subject of study and even of what counts as jazz. Contributors: Christina Baade, Jayna Brown, Farah Jasmine Griffin, Monica Hairston, Kristin McGee, Tracy McMullen, Ingrid Monson, Lara Pellegrinelli, Eric Porter, Nichole T. Listening to Stone Jul 02 2020 Throughout the twentieth century, Isamu Noguchi was a vital figure in modern art. From interlocking wooden sculptures to massive steel monuments to the elegant Akari lamps, Noguchi became a master of what he called the "sculpturing of space." But his constant struggle—as both an artist and a man—was to embrace his conflicted identity as the son of a single American woman and a famous yet reclusive Japanese father. "It's only in art," he insisted, "that it was ever possible for me to find any identity at all." In this remarkable biography of the elusive artist, Hayden Herrera observes this driving force of Noguchi's creativity as intimately tied to his deep appreciation of nature. As a boy in Japan, Noguchi would collect wild azaleas and blue mountain flowers for a little garden in front of his home. As Herrera writes, he also included a rock, "to

give a feeling of weight and permanence." It was a sensual appreciation he never abandoned. When looking for stones in remote Japanese quarries for his zen-like Paris garden forty years later, he would spend hours actually listening to the stones, scrambling from one to another until he found one that "spoke to him." Constantly striving to "take the essence of nature and distill it," Noguchi moved from sculpture to furniture, and from playgrounds to sets for his friend the choreographer Martha Graham, and back again working in wood, iron, clay, steel, aluminum, and, of course, stone. Throughout his career, Noguchi traveled constantly, from New York to Paris to India to Japan, forever uprooting himself to reinvigorate what he called the "keen edge of originality." Wherever he went, his needy disposition and boyish charm drew women to him, yet he tended to push them away when things began to feel too settled. Only through his art—now seen as a powerful aesthetic link between the East and the West—did Noguchi ever seem to feel that he belonged. Combining the personal correspondence of and interviews with Noguchi and those closest to him—from artists, patrons, assistants, and lovers—Herrera has created an authoritative biography of one of the twentieth century's most important sculptors. She locates Noguchi in his friendships with such artists as Buckminster Fuller and Arshile Gorky, and in his affairs with women including Frida Kahlo and Anna Matta Clark. With the attention to detail and scholarship that made her biography of Gorky a finalist

for the Pulitzer Prize, Herrera has written a rich meditation on art in a globalized milieu. Listening to Stone is a moving portrait of an artist compulsively driven to reinvent himself as he searched for his own "essence of sculpture."

Hollywood Park Feb 06 2021 **THE INSTANT NEW YORK TIMES BESTSELLER** "A Gen-X This Boy's Life...Music and his fierce brilliance boost Jollett; a visceral urge to leave his background behind propels him to excel... In the end, Jollett shakes off the past to become the captain of his own soul. Hollywood Park is

a triumph." —O, The Oprah Magazine "This moving and profound memoir is for anyone who loves a good redemption story." —Good Morning America, 20 Books We're Excited for in 2020 "Several years ago, Jollett began writing Hollywood Park, the gripping and brutally honest memoir of his life. Published in the middle of the pandemic, it has gone on to become one of the summer's most celebrated books and a New York Times best seller..." —Los Angeles Magazine

HOLLYWOOD PARK is a remarkable memoir of a tumultuous life. Mikel Jollett was born into one of the country's most infamous cults, and subjected to a childhood filled with poverty, addiction, and emotional abuse. Yet, ultimately, his is a story of fierce love and family loyalty told in a raw, poetic voice that signals the emergence of a uniquely gifted writer. We were never young. We were just too afraid of ourselves. No one told us who we were or what we were or where all our parents went. They would arrive like ghosts, visiting us for a morning, an afternoon. They would sit with us or walk around the grounds, to laugh or cry or toss us in the air while we screamed. Then they'd disappear again, for weeks, for months, for years, leaving us alone with our memories and dreams, our questions and confusion. ... So begins Hollywood Park, Mikel Jollett's remarkable memoir. His story opens in an experimental commune in California, which later morphed into the Church of Synanon, one of the country's most infamous and dangerous cults. Per the leader's mandate, all children, including Jollett and his

older brother, were separated from their parents when they were six months old, and handed over to the cult's "School." After spending years in what was essentially an orphanage, Mikel escaped the cult one morning with his mother and older brother. But in many ways, life outside Synanon was even harder and more erratic. In his raw, poetic and powerful voice, Jollett portrays a childhood filled with abject poverty, trauma, emotional abuse, delinquency and the lure of drugs and alcohol. Raised by a clinically depressed mother, tormented by his angry older brother, subjected to the unpredictability of troubled step-fathers and longing for contact with his father, a former heroin addict and ex-con, Jollett slowly, often painfully, builds a life that leads him to Stanford University and, eventually, to finding his voice as a writer and musician. *Hollywood Park* is told at first through the limited perspective of a child, and then broadens as Jollett begins to understand the world around him. Although Mikel Jollett's story is filled with heartbreak, it is ultimately an unforgettable portrayal of love at its fiercest and most loyal.

Uncomfortable Conversations with a Black Man
Oct 24 2019 INSTANT NEW YORK TIMES BESTSELLER
An urgent primer on race and racism, from the host of the viral hit video series "Uncomfortable Conversations with a Black Man" "You cannot fix a problem you do not know you have." So begins Emmanuel Acho in his

essential guide to the truths Americans need to know to address the systemic racism that has recently electrified protests in all fifty states. “There is a fix,” Acho says. “But in order to access it, we’re going to have to have some uncomfortable conversations.” In *Uncomfortable Conversations With a Black Man*, Acho takes on all the questions, large and small, insensitive and taboo, many white Americans are afraid to ask—yet which all Americans need the answers to, now more than ever. With the same open-hearted generosity that has made his video series a phenomenon, Acho explains the vital core of such fraught concepts as white privilege, cultural appropriation, and “reverse racism.” In his own words, he provides a space of compassion and understanding in a discussion that can lack both. He asks only for the reader’s curiosity—but along the way, he will galvanize all of us to join the antiracist fight.

evocative, and groundbreaking autobiographical novel told in the unforgettable and hilarious voice of a young Iranian refugee. It is a powerfully layered novel that poses the questions: Who owns the truth? Who speaks it? Who believes it? "A patchwork story is the shame of the refugee," Nayeri writes early in the novel. In an Oklahoman middle school, Khosrou (whom everyone calls Daniel) stands in front of a skeptical audience of classmates, telling the tales of his family's history, stretching back years, decades, and centuries. At the core is Daniel's story of how they became refugees—starting with his mother's vocal embrace of Christianity in a country that made such a thing a capital offense, and continuing through their midnight flight from the secret police, bribing their way onto a plane-to-anywhere. Anywhere becomes the sad, cement refugee camps of Italy, and then finally asylum in the U.S. Implementing a distinct literary style and challenging western narrative structures, Nayeri deftly weaves through stories of the long and beautiful history of his family in Iran, adding a richness of ancient tales and Persian folklore. Like Scheherazade of One Thousand and One Nights in a hostile classroom, Daniel spins a tale to save his own life: to stake his claim to the truth. **EVERYTHING SAD IS UNTRUE** (a true story) is a tale of heartbreak and resilience and urges readers to speak their truth and be heard.

During a dramatic three-day ride across miles of high desert, Monty Roberts used all his skill to connect with the little mustang he finally befriended. In the year that followed, Shy Boy grew to love life on the farm, playfully demanding attention, and becoming fascinated by children. After a year of challenges and one frightening illness, the wild horse's exceptional spirit earned the respect and admiration of his trainers. And, as a result of a PBS-aired program based on his initial encounter with Roberts, Shy Boy gained international fame. Yet throughout this extraordinary year, Monty Roberts struggled with the question, "Would Shy Boy rather be free?" With trepidation, he took Shy Boy back to the wild to let him choose. The event, and its stunning conclusion, are memorably captured in these magnificent photographs and in a story that is both unforgettable and inspiring.

The Listening Road Feb 18 2022 Do you wish you knew how to talk to people about life's deepest and most sensitive topics? In *The Listening Road*, you'll ride along on one man's remarkable 33-day journey cycling 3,000 miles across the United States on a mission to engage with people from all walks of life in real conversations about things that matter most. As a pastor, Neil Tomba noticed a disturbing trend among people in church: they were finding it increasingly difficult to talk about God to those outside of the church. Neil wanted to practice what he preached, so he set out to bike across the United States, talking—and, more importantly, listening—to strangers from all walks of life about faith, their stories, and matters of the heart. *The Listening Road* takes you on Neil's remarkable journey across the country and

straight into its soul—from Route 66 motels to state parks, a lake house, and a railway car; from conversations with Amish farmers to chats with truckers, cowboys, mechanics, and a descendant of Daniel Boone. From one city, farm, and highway to the next, we discover practical, actionable ways to change our posture toward others to foster conversation, why curiosity, kindness, and respect open up communication about God, and how even in a culture of division and antagonism, real connection is possible. In our polarizing time, Neil models with compassion and curiosity that genuine connection happens only if we are willing to listen in love.

Hear's the Thing Apr 10 2021 We live in a world of noise where everyone is so quick to speak. When we slow down and give someone our full attention, we offer them a safe place to be fully heard and accepted. *Hear's the Thing* is a story about what is possible when someone is brave enough to listen to others... and, ultimately, themselves without judgement. For Cody Alan, one of country music's most famous on-air radio and TV personalities, listening to other people has always been a crucial part of his role. It was by fostering his ability to hear others that he discovered the person he most needed to listen to was himself. Listening ultimately led him on a journey of self-discovery where he found the courage to come out as gay, the openness to question spiritually, and the strength to explore a new definition of parenting and family. In his debut memoir, *Hear's the Thing*, Cody shares some of the many lessons he's learned along the way such as: How to actively listen with empathy and without judgment Why a willingness to "let people in" better equips you to receive from others How genuine attentiveness can help you build healthier and deeper relationships The art of listening is often lost

but Cody's story will inspire you to hear that inner voice that is leading you to a deeper connection with yourself and the people around you.

At work, we're taught to lead the conversation. On social media, we shape our personal narratives. At parties, we talk over one another. So do our politicians. We're not listening. And no one is listening to us. Despite living in a world where technology allows constant digital communication and opportunities to connect, it seems no one is really listening or even knows how. And it's making us lonelier, more isolated, and less tolerant than ever before. A listener by trade, New York Times contributor Kate Murphy wanted to know how we got here. In this always illuminating and often humorous deep dive, Murphy explains why we're not listening, what it's doing to us, and how we can reverse the trend. She makes accessible the psychology, neuroscience, and sociology of listening while also introducing us to some of the best listeners out there (including a CIA agent, focus group moderator, bartender, radio producer, and top furniture salesman). Equal parts cultural observation, scientific exploration, and rousing call to action that's full of practical advice, *You're Not*

Listening is to listening what Susan Cain's *Quiet* was to introversion. It's time to stop talking and start listening.

Walking to Listen Dec 19 2021 A memoir of one young man's coming-of-age on a cross-country trek--told through the stories of the people of all ages, races, and inclinations he meets along the highways of America. At twenty-three, Andrew Forsthoefel walked out the back door of his home in Chadds Ford, Pennsylvania, with a backpack, an audio recorder, his copies of Whitman and Rilke, and a sign that read walking to listen. He had just graduated from Middlebury College and was ready to begin his adult life, but he didn't know how. So he decided he'd walk. And listen. It would be a cross-country quest for guidance, and everyone he met would be his guide. Walking toward the Pacific, he faced an Appalachian winter and a Mojave summer. He met beasts inside: fear, loneliness, doubt. But he also encountered incredible kindness from strangers. Thousands shared their stories with him, sometimes confiding their prejudices, too. Often he didn't know how to respond. How to find unity in diversity? How to stay connected, even as fear works to tear us apart? He listened for answers to these questions, and to the existential

questions every human must face, and began to find that the answer might be in listening itself. Ultimately, it's the stories of others living all along the roads of America that carry this journey and sing out in a hopeful, heartfelt book about how a life is made, and how our nation defines itself at the most human level.
