A faithful reproduction of the Floyd Clymer publication of the third edition (1952) of the C.W. Waller Workshop Manual for all models of Ariel motorcycles built between 1933 and 1951. Includes complete technical data, service and maintenance information and comprehensive detailed instructions for the repair and

overhaul of all major and minor mechanical and electrical components, making it an invaluable resource for collectors and restorers of these classic motorcycles. There are separate sections that deal with the repair and overhaul procedures for the engine, transmission, wheels and brakes, front forks, frame and carburetor, plus a detailed electrical service section. This is a - must have - reference for any Ariel enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior purchasing of one of these classic motorcycles. Applicable To The Following Models: Four cylinder: 4/F/600cc OHC, 4/F/600cc OHV, 4/G/1,000cc OHV (Cast Iron & Light Alloy). Twin cylinder: 500cc OHV models KG & KH. Single cylinder: 600cc SV model VB. 500cc OHV models VG & VH. 350cc OHV models NH & NG. 250cc OHV models OH, OG, LG & LH. Much of the data is also applicable to later models that utilize these same engines. Out-of-print and unavailable for many years, this book is becoming increasingly more difficult to find on the secondary market and we are pleased to be able to offer this reproduction as a service to all Ariel enthusiasts worldwide. The Adventure Motorcycle Maintenance Manual is the definitive guide to keeping an adventure motorcycle running in the way it should. Written for the rider who wants to be self-reliant while on the road, the book takes the reader through a series of practical, hands-on techniques designed to keep the bike in peak riding condition. In the classic Haynes style, the book uses picture-led chapters and clear step-by-step instructions to demonstrate the skills needed for basic maintenance both at home and on the trail.
