He explores why "conflict transformation" is more appropriate than "conflict resolution" or "management." But he refuses to be drawn into impractical idealism. Conflict Transformation is an idea with a deep reach. Its practice, says Lederach, requires "both solutions and social change." It asks not simply "How do we end something not desired?", but "How do we end something destructive and build something desired?" The Road Oct 24 2019 NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity,

and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

The Tale of Jolly Robin Feb 27 2020 After Jolly Robin had gulped down the fat angleworm with which his father had coaxed him to leave the nest, he clung desperately to the limb. With no food in sight he had plenty of time to look about him and to be alarmed. The day was not gone before he had a great fright. He tumbled out of the apple tree and fell squawking and fluttering upon the ground. Luckily, his mother happened to be at home. She went to Jolly at once and told him not to be afraid. "Nothing will hurt you," she said, "if you'll only keep still. But if you squall like that, the cat will find you." It may seem strange, but his mother's words frightened Jolly all the more. They scared him so thoroughly that he stopped making a noise, anyhow. And that was how he learned never to talk when he was on the ground near a house where a cat might live. "Now," said Jolly's mother, as soon as he was still, "I'll teach you a new game. Just watch me!" And spreading her wings, she flapped them, and sprang into the air. Soon Jolly was trying to imitate her. And it was not long before he found himself gliding a short distance, skimming along just off the ground. But in spite of all his efforts, he couldn't help falling again. Though his mother tried to show him how to fly into a tree-top, Jolly Robin seemed unable to learn the trick. At last Mr. Robin said to his wife: "I'll teach him the rest. You've made a good beginning. But he must learn more at once. There's no telling when the cat may come into the orchard to hunt for field-mice. And you know what would happen then."
